## Working Carers Questionnaire

Do you juggle work with caring for a loved one? Carers who have a job and support a loved one to stay healthy and safe can experience a range of challenges in balancing these two vital roles and to find the support they need when they need it. Carers manchester want to find out what these challenges are, what support you have in your caring role and what carer support you actually need that is not available. This will help them develop the services that are right for you. To help them understand what working carers need and to provide the right support services please follow the link below and complete this questionnaire.
